This first lecture is a general discussion of the nature of the laws of physics and in particular classical mechanics. The notions of configuration, reversibility, determinism, and conservation law are introduced for simple systems with a finite...

Classical Mechanics (Fall, 2011) | The Theoretical Minimum

Classical Mechanics is a textbook about the subject of that name written by Herbert Goldstein. Intended for advanced undergraduate and beginning graduate students, it has been one of the standard references in its subject around the world since its first publication in 1951.
