Screening tests are an important part of your preventive health care. For people between the ages of 30 and 49, these tests are used for early detection of some of the more common and potentially deadly diseases"such as cancers, diabetes, and heart disease"that begin to affect people in their middle years.

Screening Tests for Adults (Ages 30-49)

A style guide (or manual of style) is a set of standards for the writing and design of documents, either for general use or for a specific publication, organization, or field.
