BeamChek is the quick, accurate and easy to use structural design software for residential architects, professional home designers, engineers, and design/build contractors.

Beam Chek – Wood and Steel Structural Design and Analysis

Structural functionalism, or simply functionalism, is "a framework for building theory that sees society as a complex system whose parts work together to promote solidarity and stability". This approach looks at society through a macro-level orientation, which is a broad focus on the social structures that shape society as a whole, and believes ...

1. Introduction. Graphene oxide (GO) is an atomic sheet of graphite decorated by several oxygenated functional groups on its basal planes and at its edges, resulting in a hybrid structure comprising a mixture of sp² and sp³ hybridized carbon atoms. GO can be synthesized by the oxidation of graphite into graphite oxide followed by the ...
